A Song from the Suds.

BY LOUISA M. ALCOTT.

Queen of my tub, I merrily sing,
While the white foam rises high,
And sturdily wash and rinse and wring,
And fasten the clothes to dry;
Then out in the free fresh air they swing,
Under the summer sky.

I wish we could wash from our hearts and souls
The stains of the week away,
And let water and air by their magic make
Ourselves as pure as they;
Then on the earth there would be indeed
A glorious washing day.

Along the path of a useful life
Will heart's-ease ever bloom;
The busy mind has no time to think
Of sorrow or care or gloom;
And anxious thoughts may be swept away
As we busily wield a broom.

I am glad a task to me is given
To labor at day by day;
For it brings me health and strength and hope,
And I cheerfully learn to say—
"Head, you may think, Heart, you may feel,
But Hand, you shall work alway!"

THE APPETITE FOR TOBACCO

DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it as before he commenced its use. *The Preparation acts* directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleansing the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies *slightly* in different persons, the *average* time being about *Five* days. Some have no desire for Tobacco whatever after using the Preparation *Two* days.

The *Health* and *Purse* of every Tobacco-user in the country calls loudly ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly and permanently*, and without any bad effect *upon the health*, and without creating an appetite *either for the Preparation or any substitute.*

From Samuel Cessidly, Editor Journal & Argus:

PETALUMA, CALIFORNIA, Dec. 13, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor, or his duly authorized Agents.

The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country securely sealed from observation, with postage paid on receipt of price.

How to send money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk. Address

Ophthalmic Panacea!

IT IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

TO THE UNFORTUNATE.

NEW REMEDIES. NEW REMEDIES.

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of long standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not [illegible] sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give each patient a written instrument, binding himself to a radical and permanent cure, or make no charge [illegible]

CURED AT HOME.

Patients at a distance may be Cured at Home by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has [illegible], and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in a registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became tired of their trade. Some are thereafter [illegible] makers, newspaper carriers, intelligence office [illegible] etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1865. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial,) San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian.*

A JUVENILE CONFIDENCE GAME.—Yesterday morning a couple of boys, aged about thirteen and eight, respectively, came over from the rural districts on the east side the river and fell among the Philistines. They had with much labor contrived to gather together about a dollar and a half's worth of cherries and about the same value in strawberries, and had come over to Portland on a trading expedition, with buoyant hearts and light hopes. At or near the ferry landing they fell in with a boy or two of about their own age—such nice little boys, who [illegible] offered to assist them in carrying their buckets and baskets and in selling their contents. Our boys from the rural district and our boys of the metropolis got along charmingly till they got up Front street a considerable distance, when one of the metropolitans disclosed to his rustic friends that his aunt, a grand lady who loved him very much, lived just across the street, and he knew she would buy the strawberries if he took them to her, though he doubted if she would buy them of any little boy from the country. Rural boy was persuaded to let metropolitan try it, but enjoined him strictly to not sell for less than a stated price. Metropolitan took the basket, went over and sold the berries to a total stranger, of course—for half price, put the coin in his pocket, threw down the basket at the feet of his rural friend, and incontinently took to his heels. The rural victim left his younger brother in charge of their remaining joint property, and gave chase, but his deceiver and betrayer was up to too many dodges for him, and got away. The last seen or heard of him was some hours later in the day, when he was heard of in a distant part of the city, engaged in the delightful and moral occupation of sucking a stick of candy, purchased, of course, with the profits of his morning confidence game. The last we heard of the rural boy, he was diligently seeking his younger brother, who was lost to view, though still to memory dear. The police know who the confidence urchin is, and will probably grab him. There should be an example made of some of these specimens of youthful depravity, and the sooner the better. It is scarcely safe for a country boy to come to town on business unless he is a double-fister with courage enough to follow up his two big fists against any number of juvenile rogues.

THE VINSON-BARRY BENEFIT.—We hope our citizens will all remember the benefit to Messrs. Vinson and Barry, at Oro Fino, Thursday evening. The plays selected are "Grimaldi" and "Wedlock is a ticklish Thing," in which Messrs. Vinson and Barry, the beneficiaries, will all likely appear in favorite characters—each in his specialty. Mr. and Mrs Bates will also appear,—the former as Lord Arthur and the latter in her great character of Violet, in Grimaldi. We are sure that no one who saw "Grimaldi" when produced here last winter will fail to see its second representation, and those who did not see it, should by all means embrace the present opportunity to witness one of the best dramatic performances ever put upon the Portland stage. Grimaldi is just in Vinson's best vein. In "Wedlock," Mr Barry will give us a touch of his great specialty as Thomas Lot, [illegible] who have so often laughed at his comicalities [illegible] laugh at his benefit.

TELEGRAPH RATES REDUCED.—On and after to-day the tariff on telegraphic dispatches from this city to the Eastern States will be reduced to $7 50 for ten words to any point in the United States, touched by the Western Union lines. Each additional word will be charged 51 cents—[illegible] to be paid here. Formerly the rates were [illegible] to various points—to Washington, Philadelphia and [illegible], $9 25 for ten words; to New York, $8 75. To points in the interior of some of the States the charges were as high as $12 for ten words. Thus it will be seen that, though telegraphing is still a costly luxury, the tariff has been very considerably reduced, [illegible] commendable desire on the part of the company to do as nearly as possible the fair thing.

ARRIVAL.—The Gussie Telfair, from Victoria, arrived last night at half past ten o'clock. She left Victoria [illegible] evening.

[illegible] Steamer Gussie Telfair, Capt. F. C. Hall, left Victoria Saturday at 4 P. M., on the 29th; passed Cape Flattery at 11 P. M.; arrived off the Columbia river bar at 7 P. M. on the 30th; laid off the bar all night in a dense fog; crossed the bar at daylight the 31st; arrived at Astoria at 6 A. M.; left Astoria at 7 A. M., and arrived at Portland at 10:30 P. M. [illegible] Charles Gross, John Dwyer, I. G Fisher, [illegible] Miss Lizzie Watkins, Henry Kohlow.

WILL JOIN IN THE PROCESSION.—At the meeting of the Board of [illegible] of the Fire Department, Saturday evening, it was resolved that each of the fire companies should [illegible] be ready to join in the procession on the 4th. We [illegible] that the two military companies are prepared [illegible] same thing, and that in all probability most of [illegible] associations will accept invitations so soon as [illegible]. There seems to be a spontaneous movement [illegible] the people of all classes, in favor of a [illegible]. Whoever wants to see the biggest [illegible] out of doors in Oregon, should be in Portland on the 5th of July.

OFFICERS ELECTED.—At a regular meeting of [illegible] Lodge No. 2, (Adoptive Masonry) of the order of the Eastern Star, held at their Lodge room, Columbia [illegible] evening, May 27th, the following officers were [illegible] to serve for the ensuing six months: Mrs. J. M. Scott, Lady Elect; Mrs. J. C. Files, 1st Sentinel; Mrs. R. Pallow, 2d Sentinel; J. W. Pratt, Inner [illegible]; J. Powel, Sec'y; Mr. J. Parker, Treasurer. This [illegible] is in a flourishing condition, having about thirty-five [illegible].

[illegible]—The Vancouver [illegible] individual in Portland has [illegible] take a lot of bogus voters from this city to [illegible] the Democratic candidate for Congress, but [illegible] friends over the line may as well look out for similar [illegible] "all along shore," for the [illegible] and exporters are on it. We know [illegible] of we speak when we say that there are parties here who intend to vote fraudulently in Washington Territory, for Gol. [illegible]

WHAT DAY?—There has been much inquiry as to the day upon which the celebration at this city will be held, [illegible]. The Herald and Commercial [illegible] in favor of Saturday. The one has a [illegible] the other has not. We presume it will [illegible] to anybody else on which day the [illegible] shall be held. The committee ought, however, [illegible] that question, so that people at a distance [illegible] enabled to make preparations [illegible].

[illegible]—Mr. O. B. Gibson, the resident agent [illegible] Insurance Co., of Hartford, Connecticut, [illegible] this morning some very important facts in [illegible] to the ability and business of the company. We [illegible] very cheerfully recommend the Co., from a well [illegible], and Mr. Gibson, the agent, from [illegible] of many years. Those who may [illegible] effecting fire insurance should call upon Mr. Gibson. They will find him reliable, prompt and correct.

A CARD.—The First Unitarian Society of Portland [illegible] their heartfelt thanks to the P. T. Co. and the O. S. N. Co. for the use of their respective [illegible], to Mr. Thomas Stephens for use of grounds, and to Mr. C. M. Myers, and the different daily papers in this city for [illegible] and facilities rendered, to their late Picnic. THOS. FRAZAR, Pres.
[illegible] Sec'y.
[illegible] June 1st, 1869.

MAGIC TARGET.—Mr. B. L. Stone, the patentee of the "Magic Target," has struck it rich. The target is a simple little [illegible] that costs two bits, but is a juvenile necessity. Since the target shooting at the Turn Verein picnic, where one of the large size was used, every little boy and girl in town and many of the older children, are [illegible] couldn't exist without one, and "Magic Targets" are [illegible] almost as thick as leaves in Vallambrosa.

[illegible] BOUND.—The Commercial says: "A family of three members—a Mr. Walker, wife and [illegible] Salmon City, took the steamer Julia this morning [illegible], from whence they go overland to Olympia. They were accompanied by two gentlemen, T. H. [illegible] and O W Hatfield, also, of the same place. [illegible], putting more faith than is wise in railroad plans, are [illegible] a "terminus.""

[illegible] FUNDS.—The Finance committee, charged [illegible] funds for the celebration, were on the [illegible] day, notwithstanding the elevated state of the [illegible] mercury. We learn that they are meeting with fair success, though they think some of our [illegible] men ought to come out with somewhat larger figures, considering the benefits they are certain to receive from the celebration.

AT VANCOUVER.—Hon. Elwood Evans, who arrived in this city last Friday, went over to Vancouver [illegible] to address the Republican Club and citizens [illegible] in favor of the election of Mr. Garfielde. Mr. Evans is an eloquent and forcible speaker and we predict that he will make his influence sensibly felt in Clarke county.

[illegible] AT THE MUSIC AND ART GALLERY.—Mr W. [illegible], who has been identified with the Music and Art Gallery from the first, has sold out to Mr. F. L. [illegible]. The firm now consists of Messrs. Hillman & [illegible], who will continue the business on the same old [illegible]. See advertisement.

[illegible] OLD FURNITURE.—Mr. A. B. Richardson, [illegible], will sell to-day, at the corner of Stark and [illegible] streets, a fine lot of parlor, sitting room, bed room and kitchen furniture—an excellent opportunity for those desirous of setting up housekeeping.

[illegible] TO MRS. BIRD.—We saw yesterday in circulation a request from citizens for a benefit to Mrs. Bird. The paper was somewhat numerously signed.

BASE BALL.—There will be playing this afternoon at half past five o'clock, on the grounds at East Portland. A full turn out desired.

FOR VICTORIA.—The Geo. S. Wright and Gussie Telfair are both advertised to sail for Victoria on Wednesday evening at 6 o'clock.

[illegible]—Mr. E. N. Cook, State Treasurer, was in town last evening and gave us a call. He returns home by to-day's boat.

FALLING.—The Wallamet river has begun to fall again rather rapidly for the time of year.

THE [illegible] Relief Society will meet in Basement of [illegible] Church today (Tuesday) at 1½ o'clock.

THE [illegible] Committee of Arrangements for the Fourth of July [illegible], are requested to meet at the Council Chamber this (Tuesday) evening, at [illegible] o'clock, to make final [illegible] for the celebration. All the Committee are requested to be present.
A. P. DENNISON,
Chairman Finance Committee.

[illegible] Engine Co., No. 3.—Regular [illegible] this (Tuesday) evening, at 7½ o'clock.
Portland, June 1, 1869.

The California and Oregon Stage Company have extended Comstock's beat from [illegible] to Callahan's, thus dispensing with Smith as superintendent between Callahan's and Jacksonville. There are now only three Superintendents between Oakland and Portland. Smith will probably drive for the company as formerly, before his appointment as Superintendent.

Vigilance Hook & Ladder Co., No. 1.—Drill this evening, at 7½ o'clock. All members are requested to attend. A J McEWAN, Sec'y.
Portland, June 1, 1869.

Multnomah Engine Company No. 2.—Drill this (Tuesday) evening, at 7½ o'clock.
N. SCHUYLER, Sec. pro tem.
Portland, June 1, 1869.

REVOLUTION—IN THE WASH-TUB.—Matters intrinsically mean and repulsive sometimes affect so largely the well-being of communities as to assume an aspect of dignity. What more insignificant than the wash-tub and soap-suds? Yet we are about to allude to a matter in this humble branch of social well being which, considered in the light of results, is entitled to all the dignity and circumstance of—a leading article in the *British Colonist*! It is less in the spirit of a trade "puff" than in the interest of the public that we take the liberty of introducing to the candid and careful attention of our readers KANE'S IMPERIAL CONDENSED SOAP. We consume annually 400,000 pounds of imported soap. Assume that one-half of that quantity passes to the east of the Cascade Range, and pays in freight, road and bridge tolls, 15 cents per pound. This charge alone makes the enormous sum of $30,000. Fifteen pounds of Kane's Imperial Condensed Soap is fully equal to one hundred pounds of the article in general use. Consequently if Kane's Soap took the place of the ordinary article, the community in the interior alone would save annually just $24,800. It will thus be seen what an immense saving to the consumer in the interior would result from the use of Kane's Soap, for, be it remembered that this calculation does not embrace the difference in freight before reaching the Colony, but merely the internal transit charges. Startling as these figures are, the estimate of the advantages of Kane's Soap is by no means confined within these bounds. "Time is money" is a proverb pre-eminently applicable to Cariboo, and the saving in using this soap is even greater in labor than in cash. To the hard working miner who repairs to the cabin tired and weary, and returns to his toil by break of day the old fashioned process of rubbing his clothes clean once a week must be peculiarly distasteful. And, after all, they are not clean! But with Kane's Soap all is changed. All that the miner has to do is to put his clothes to soak with the least bit of soap, change the water next morning, rinse them out in fresh water and hang them out to dry. By this simple process he will not only have them free from all impurity that ordinary soap with the usual rubbing would remove, but they will be completely free from grease, pitch, tar and all those substances so difficult to remove by ordinary washing processes. Nor are these the only advantages this soap offers to the miner. In starting out on a prospecting expedition, a small bar of Kane's Soap will do more service than half a pack of the common article. These advantages are not, of course, confined to the miner, or to any particular locality, but they are more palpable in the case of persons far from the seaboard. The advantages of Kane's Soap in sea faring life are very great, as it does its work well with salt water. In short, whether for ordinary domestic use, for the miner, away up in the mountain fastness, or on the great deep, this soap must commend itself to all. One pound of it, simply dissolved in water will make four gallons of excellent soft soap, and its effects in cleaning floors and woodwork are almost magical. These statements are not mere assertion. The article has been tried in this as well as other communities, and testimony is uniform and strong. There can be no mistake about it. The women bless it, and the bachelors pronounce it the best substitute for a wife.—*Daily British Colonist*.

OWING to the great demand for Bunnell Hats, we have received another large invoice of them. For a summer hat there is nothing cooler or of prettier style. The Gaufrim Cobs, Clayton, Barclay, and many others of the latest styles can be found at

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM-OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

TUESDAY MORNING, JUNE 1, 1869

The Demand for Money.

The stringency of the money market on the Pacific coast is merely an incident of the general stringency which prevails throughout the whole country. At the East many doubt whether money will ever again become so plenty as to give them the old fashioned six per cent market, and judging by the difficulty of reducing the prices of the necessaries of life after people get used to paying high prices, it may well be regarded as doubtful. The fact that money is constantly called for and employed in new and widening fields of enterprise, must naturally have the effect to neutralize somewhat its tendency to accumulate in the great commercial centres and so produce a scarcity in the money markets. One reason of the stringency in the Eastern cities arises from the fact that a large amount of currency which has heretofore been concentrated there is now absorbed in the country and city circulation of the Southern States, from which, of course, it cannot be withdrawn as heretofore, as they are in a much better condition to retain it. The Chicago *Tribune* says, "It is estimated that, out of the $300,000,000 of value of their last year's cotton, tobacco and sugar crops, they have retained $200,000,000 of value in one shape or another. With so large an increase of property a larger circulation than in former seasons will be retained there, and, as the volume of our currency is fixed, it will necessarily diminish the amount that will concentrate in the Northern cities." The increase of population and of business, and the widening of the field of industry on the Pacific slope are causes which produce a demand for money here and render inadequate the circulation of former years. The failure of the market for our wheat crop has materially embarrassed us in Oregon; but this loss is for the present partly compensated by the sale of live stock at good prices. A very large sum has been brought into the State since last fall by the sale of cattle, horses and sheep; and the wool crop of this spring will contribute an additional large sum to our circulation. But unfortunately the supply of live stock, especially of cattle, is getting low, and we can hardly look for so much revenue from this source next year. If our railroad enterprises go forward, of which we have strong hopes, we shall easily find the way out of the embarrassment of "dull times."

Renewing the Soil.—Our Decaying Orchards.

The San Francisco *Herald* says the unremitting demand for wheat, made year after year upon the soil of California, has in many places run the yield down from the high figure of former times to less than fifteen bushels per acre. Even in the rich alluvial bottoms the yield has declined immensely since the first seeds were sown. The grain crop can be kept from running down only by continually resorting to new lands. These after a while will be exhausted; and the *Herald* exhorts the farmers of California to take heed lest they utterly impoverish their soil, or so reduce it that, as in the case of many of the older States, it can be restored only by long waiting and at an enormous cost to money. These are suggestions which the farmers of Oregon also do well to heed. In Illinois, Indiana and Ohio as rich lands as ever bore a harvest have been almost impoverished, and the yield of wheat has dwindled in many places to one-third the amount per acre which was formerly produced. Even the soil of Vermont and New Hampshire, rocky and sterile as it is by nature, now yields more wheat to the acre than is obtained from the once rich lands in many parts of the Mississippi Valley. The secret of it is that the New England farmer uses every possible appliance to restore his wasted soil, while the farmer of "the West" takes from the soil incessantly without giving it any return.

In another particular and probably a still more apparent one, the farmers of Oregon are following the example of those in the older States. We allude to the decay of our orchards. A Chicago paper said in the early part of the spring that oranges were actually cheaper in that city than apples. This was the result of neglecting orchards and giving exclusive attention to the production of grain. It seems almost as if our farmers were [illegible] ing these errors. Unless measures are taken at once to renew our decaying orchards, the apple crop of Oregon will soon diminish greatly in quantity and deteriorate as much in quality. One will scarcely see a thrifty orchard now in a journey from one end of the Wallamet valley to the other. It is well enough for our farmers to understand that if they do not speedily attend to this matter Oregon will not be known as the land of "big red apples" much longer.

In General.

It seems probable that negotiations for the right of way for a canal across the isthmus of Darien may soon be [illegible] and the terms settled. The Government of that country is reported as much less averse to such an arrangement than heretofore alleged.

A commission appointed by the Kansas Legislature to audit the claims of settlers for losses sustained by Indian depredations on the frontier of that State has made its report. The claims allowed thus far amount to about $50,000, and many are still unsettled. The following are samples taken from the "Remarks" of the commission: "'Husband killed, property stolen and destroyed, August 13 and 14, 1868.' 'Husband killed, daughter captured and property destroyed, August 14, 1868.' 'Brother killed and stock run off, August 13, 1868.' 'Wife captured and ravished by about sixty Indians, and property stolen, August 10, 1868.' 'Husband killed and house robbed, August 14, 1868.' 'May, 1868, two sons killed, robbed and property stolen,'" etc., etc. These things are horrible enough, and it is easy to see that the animosity of the people of that section against the savages will be newly kindled by the publication of this record of outrage and blood.

North Germany is pouring forth its hosts for America most liberally. The trains to Bremen bring forth from one to two emigrants for America per day. A gentleman who has just returned to Idaho from a visit to his old home in Bavaria informs an Owyhee paper that the people in Germany talk as freely of American institutions as they do of their own, and in fact know quite as much of the Constitution and history of the United States as the majority of American citizens. Mothers talk to their little ones about America and tell them that sometime they will go there. The English language is also taught in a large number of the German schools in order to fit the rising generation for their future pilgrimage to America. United States bonds and greenbacks are displayed in banker's windows, and the quotations are as eagerly sought after as in San Francisco or New York. A fact worthy of note is that in their own country nearly all Germans are Republicans in politics.

The New York [illegible] Boutwell's gold selling policy as follows: "Gentlemen inflationists and gold gamblers, you may as well make up your minds to face the music. The gold in the Treasury has been your nest-egg long enough. It is now to be used, we trust, to support the credit of the government and reduce the burdens of the people."

The Tennessee militia are being mustered out. They were called into the service at a time when the Ku Klux were committing the most atrocious outrages. Those outrages have now ceased. Many of the Ku Klux leaders have been punished and others have fled in terror from the State. The militia, having now accomplished the object for which they were called out have been disbanded and sent home.

Crops will certainly be smaller in California than they were expected to be. The dessicating winds a few weeks ago pinched the late sown grain, and it has not been able to recover from it. The following from a Merced county paper of May 22d, indicates the general situation: "The dry, windy weather which has prevailed throughout this valley for some weeks past has undoubtedly dispelled the hopes of our people for large crops, and now, instead of having millions of bushels to ship to foreign ports to feed the hungry millions of other and alien lands, we are fortunate in being able to say that there will be enough raised for home consumption, and a limited quantity to spare for foreign markets. On summer-fallowed and fall-plowed and sown lands the grain looks well, and all agree that good crops will be made."

GENERAL NEWS ITEMS.

The Central Pacific Company now run a train every day. Heretofore they have been running only six days in the week.

The Postoffice Department has adopted the policy of fining mail contractors for every time they delay the mails in favor of passengers, and will also deduct from their pay for all such offenses.

Prof. Agassiz, who has been spending some time on the Florida coast, left for the North a few days ago. Cedar Keys was thrown into quite a commotion while Prof. Agassiz was there, in a united effort to secure for him a sufficient amount of alcohol to preserve a queer looking fish he had caught while awaiting the departure of the train.

It looks as if the example of the Suez canal was infectious. A project is talked of for cutting through the Isthmus of Corinth; and a company is about to be formed for making a ship canal through Ireland. The cutting would be only about one hundred miles in length, and might be made at a moderate cost. The scheme is said to be entertained with great favor by mercantile men in Liverpool and Glasgow.

The annual cost of illuminating gas in New York is estimated at $10,000,000. By the use of the Ox-Hydrogen light, it is believed the cost will be reduced to $5,000,000. The new process constitute simply in utilizing the oxygen in coal. By the old process a ton of coal averages about 10,000 cubic feet of gas. The Ox-Hydrogen Heat and Light Company of New York city, are erecting extensive works, and expect to get into operation this year.

The renomination of Governor Hayes, by the Republicans of Ohio, is generally conceded, and there is no opposition to the nomination of Lieut. Governor Lee. The Democrats are sorely divided on the question as to whom they will run. Vallandigham wants General Tom. Ewing, the Cincinnati *Enquirer* General Sam Cary, the greenback people Geo. H. Pendleton and so on. An Ohio paper thinks that "when a party is ready to rob the cradle by taking that infantile Democrat Sam Cary, or the grave by taking one of the Ewing family, it is so far gone as to be an object of commiseration."

Says the Richmond *Dispatch*: A few weeks ago we published an account of the state of affairs at Fort Harrison, which subsequent investigation proved too true. Now comes a most harrowing story from Malvern Hill, where so many of our best and bravest with their last drops of blood sealed their devotion to the Southern cause. On the northwestern side of the fort a most terrible scene presents itself. Thousands of Confederate soldiers having been buried where they fell, twenty acres or more have just been ploughed up by the owner of the field, and the plowshare turned to the surface all the skeletons. Over the whole tract the bones are strewn in profusion, and grinning skulls stare the visitor in the face on every hand.

It looks as if Massachusetts will be the first State to experiment in the matter of female suffrage. The Committee of the Senate of that State, appointed to examine into the claims of females to vote, has reported an amendment to the Constitution, which reads as follows: "The word 'male' is hereby stricken from the third article [illegible] to the Constitution. Hereafter the women of this Commonwealth shall have the right of voting at elections, and shall be eligible to office on the same terms, relations and qualifications, and subject to the same restrictions and disabilities as male citizens of this Commonwealth now are, and no others." The report is signed by nine out of ten members of the committee.

The Roseburg paper learns that Mr. Rowley, of the Coquille valley, recently found five swarms of wild bees in the woods near his residence.

NEVADA

NEVADA, May 30.—Hon A. A. Sargent arrived from Washington this afternoon, coming via the Pacific Railroad, taking all by surprise.

Miscellaneous

[illegible] May 30.—[illegible] day was observed as Decoration Day at Milwaukee, [illegible] and many other cities with the usual ceremonies.

MEMPHIS, May 30.—Mr. Southwick, of [illegible], committed suicide by hanging himself in a stable at the residence of his brother-in-law last evening. Cause unknown.

At a negro ball last night, Charles [illegible] shot Mary Kelly through the head, killing her instantly. [illegible] escaped.

The following is a synopsis of the decision of the Supreme Court at [illegible] yesterday in the case of the State vs. Staten. The unanimous opinion of the court was delivered by Henry R. Smith, the Judge holding that the right to vote was a sovereign legal right secured to citizens under the constitutional bill of rights of Tennessee; that the elective franchise stood on as high ground as the rights of property, or any right secured by the Constitution; that this right once vested could not be taken away by any process of law; that the power attempted to be conferred on the Governor by acts of the Legislature, to set aside registration for frauds, irregularities or other causes is a judicial power which cannot be conferred or exercised by the Executive of this State. For these reasons all his acts and proclamations in setting aside registration in counties and parts of counties are absolutely null and void. Holders of certificates granted by previous registration commissioners are entitled to vote by reason of the same. Judge Shackelford delivered a separate opinion, concurring with this decision, but went further and attempted to justify the opinion in the case of Ridley vs. Sherbrook, holding the franchise acts constitutional. The other judges reserved their opinions, as it calls in question the constitutionality of several franchise acts.

ST. LOUIS, May 30.—Bellefontaine, Calvary and other cemeteries around the city were visited to-day by large crowds of people. All the graves of dead soldiers were decorated with flowers. The ceremonies at the National cemetery, Jefferson Barracks, 12 miles below the city, were very imposing. Over ten thousand persons participated in paying the tribute to the departed heroes. The graves of 11,700 soldiers were strewn with flowers and decorated with wreaths and crosses.

CLIFTON SPRINGS, N. Y., May 30.—Mrs. Hallie Fiske, grandmother of the late Senator S. A. Douglas, died to day of heart disease, aged 81 years.

NEW YORK, May 30.—Congressional Printer Clapp, denies the truth of the story of the altercation with Congressman Bennett.

WASHINGTON, May 30.—During the decoration ceremonies to day the crowd was dispersed by a severe rain and hail storm which, though only of half an hour's duration did considerable damage. Several houses were unroofed and a number of persons injured.

South America.

NEW YORK, May 30.—A Lima letter of the 14th says that the Peruvian Government has recognized the Cubans as belligerents and has decided to grant them all the usual privileges. Senior Volcerin, Cuban Commissioner, arrived in Lima some time previously to ask the loan of the Peruvian Monitor for the use of the Cuban insurgents, but the request has not been complied with.

A Panama letter says three sailors belonging to the British ship *Kensington*, who were thrown into prison some time ago by the police of Aspinwall, proved to be Americans who arrived during the war. U. S. Consul, Rice, is trying to get them out. They were fired upon, wounded and put in chains, and have remained a month past, starved, without any prospects of trial.

Mosquera's chances for the Presidency are brightening daily. His election will be an insuperable bar to the United States on the subject of the Darien canal, as he cordially hates republicanism. Valparaiso advices of May 3d state that Congress was discussing the Cubans as belligerents.

New York Items.

NEW YORK, May 30.—Boyer's linseed oil mills in Water street were burned yesterday; loss, $30,000. Fitzgerald's varnish works in Brooklyn were burned last night, loss, $8,000.

The eight hour law has been promulgated at the navy yard, Brooklyn.

Congressman Butler is said to have said that the law in the *Alabama* controversy is on the side of England, and it has been so decided by our Supreme Court, but we should nevertheless withdraw our intercourse with England because of her course in taking advantage of the technicality of law to injure us. He opposes a reciprocity treaty with Canada, as we were unfairly treated in the last one, but thinks such a treaty will be of great advantage to Canada and to England. He expressed the greatest confidence in Boutwell's financial policy and considers him the best Secretary of the Treasury since Hamilton.

The *Herald* says the proclamation of belligerent rights to the Cubans from President Grant could now settle the question in Cuba in less than a month. In fact the Cubans may settle in that time, but what a sorry settlement that would be for the United States, the country that expects to annex Cuba. Gen Grant ought to be ashamed of this sort of American dignity and decorum. It is nonsense; it is stupid old fogyism. We have had enough of it.

CHICAGO, May 30.—A *Tribune* special says the case of the United States against Armand Bros., who built ships for the Confederacy and sold them after the close of the war, is again before the French Court of Appeals. Our Government has retained Jules Favre in the place of Berryer, deceased, in the case.

BY ATLANTIC CABLE.

PARIS, May 29.—Americans residing in Paris presented a farewell address to Gen. Dix, and the General has invited 300 Americans to a banquet at the Grand Hotel on the first of June. He leaves Havre for home June 15th.

CHICAGO, May 29.—A new conspiracy has been discovered at Milan and other points in Italy. Mazzini and others are implicated, but the objects of the conspiracy are not generally known.

Private letters from Paris say the revolutionary feeling is increasing rapidly. The government has increased the police force in the principal cities of the Empire.

It is asserted that the Emperor of Russia is about to transfer the capital from St. Petersburg to Krif, and the palace in the latter place is already under process of construction. A railway is completed from Odissa and Krif and will be finished to Moscow.

MADRID, May 28.—Serious disturbances occurred to day at Malaga and Seville. They were directed against the provisional government.

LISBON, May 29.—The mail steamer from Rio Janeiro arrived yesterday.

The war news is important. Count Engeneral, of the allied forces, had arrived at Union and was making preparations to attack the Paraguayans' advance guard within nine miles of Lopez's army. Reports of the war in Paraguay are conflicting, though it is represented in Rio Janeiro that the allied forces were about to make an immediate movement. It is said on the other hand that the allies have no information that is reliable as to the whereabouts of Lopez. It is also stated that nothing has been heard of General McMahon, American Minister.

MADRID, May 30.—The appointment of Gen. Cabellero de Roda as Captain General of Cuba is gazetted. It is rumored that a new Provisional Ministry will be formed to remain in office until October, when a *plebiscitum* will be taken to decide the question of sovereignty.

Several officers of the army have been arrested, charged with having been engaged in a conspiracy for the restoration of Queen Isabella.

NEW YORK, May 30.—A *Herald's* cable dispatch from London states that at a meeting of the Jockey Club, Sir Joseph Hawley's motion to prohibit the racing of two year olds before the first of July of each year, was lost. Forester's resolution prohibiting such racing before the first of May of each year, was carried. This is regarded as the greatest reform the turf has experienced for years in regard to the amelioration of thorough breds and the morality of the racing community.

LIVERPOOL, May 30.—Motley arrived to-day. He was received by the Mayor and the American Consul. The Liverpool Chamber of Commerce will present an address to morrow.

MADRID, May 30.—Caballero De Roda will sail for Cuba June 15th.

VIENNA, May 30.—Ismael Pasha, Viceroy of Egypt, has arrived.

SUMMONS.—IN THE CIRCUIT COURT OF THE State of Oregon, for Multnomah county.—O. P. Mason, plaintiff, vs Joseph J. Meagher and Sarah J. Meagher, defendants.—To Sarah J. Meagher, defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit, within ten days from the date of the service of this summons upon you, if served within this county; or if served in any other county of this State, then within twenty days from the date of the service of this summons upon you; or in case of service by publication, then you shall appear and answer the complaint filed against you by the first day of the term following the expiration of the time prescribed in the order for publication, to wit: six weeks from the date hereof, and you will take notice, that if you fail to answer said complaint on the 8th day of November, A. THE MAMMOTH OX!

TO THE PEOPLE OF OREGON: LOOK TO YOUR INTERESTS!

F. M. MORRIS AND W. C. AVERY,

BOTH OLD OREGONIANS AND HAVING, NO doubt,

THE LARGEST OX IN THE WORLD!

proposes to the people of Oregon to take this Monster OX to the Atlantic States and exhibit the same as an Oregon production, and before leaving the State they wish every man, woman and child to see

Mt. Hood upon Legs,

and in order to give them an opportunity, they will exhibit him in the principal towns on the Willamette, for the sum of 25 cents, children half price. Their object in doing this is to raise the necessary cash to pay transportation. All those who think it would have a tendency to wake up the people of the Eastern States to realize the fact that there is such a place as Oregon on the Pacific Slope, and that not only large cattle but every thing else is far in advance of the rest of the world, and that all that is required is industry and economy to realize a fortune in Oregon in a few years at most—and the best place to enjoy life after you have accumulated a fortune.

Business men—make a note of this and remember—MONEY MAKES THE OX GO, and patronize accordingly.

W. C. Avery will also have a supply of MRS. STIPP'S THORACIC BALSAM on hand. m27dtf

NEW PATENT SHAFT COUPLING!
W. B. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his Carriage Factory, Corner of Second and [illegible] Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw and is therefore easily and speedily detached. It rests on Gutta Percha, so as to be entirely free from the rattling sound which so often disturbs [illegible] It is easily changed so that the shafts or tongues may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention, and recommend its use in all cases. We consider it far superior to the Brown or Patent heretofore considered the best in use.

Washington News

W[illegible] May 29.—An [illegible] of the [illegible] emergencies [illegible] the [illegible] at Arlington [illegible] the [illegible] the President and Government offices will be [illegible]

The Indian Commission has adjourned. A little [illegible] were present at the sitting except [illegible] of New York and [illegible] of Boston who were detained by sickness. After full [illegible] to the Commission so called on the President with Secretary Cox and told him they were ready to [illegible] with him in [illegible] affairs [illegible] The President replied that he would receive their cordial attention and recommendations and give due weight to such advice as they might give as to a change in the present methods of dealing with Indians. He said he would give them letters to all agencies and direct that every facility should be extended for ascertaining the workings of the present plans. Army officers and agents would give them transportation and aid them in every way for the purpose of visiting the Indians.

The country is divided into three divisions. The northern embraces the country upon the Missouri, including the Indians of North Kansas and those of Minnesota and Wisconsin. The southern comprises Kansas and the Indian Territory and the Western and all west of these. The northern division is assigned to Welch, Farewell and Tober; the western to Campbell, Stuart and Lane; the southern to Brunot, Bishop and Dodge. These divisions will be inspected by the gentlemen named, and a meeting will be held previous to the assembling of Congress to compare with their observations and prepare a formal report to lay before the President and Congress. No recommendations were made to the President at this meeting, as it was agreed to leave all questions until the Commissioners had visited the West. All the leading subjects connected with Indian affairs were discussed at length, though no formal decision was made regarding any. In the matter of treaties the Commissioners are of the unanimous opinion that great abuses have grown up with the present system, that the best interests of the Indians and the country demanded that no more treaties should be made. It was the general opinion that the first step in advance should be to gather all the tribes upon reservations with the faith of the nation pledged to their protection there and to their permanency in possession. The matter of citizenship was discussed, but as the question involved the construction of the Fifteenth Amendment and other grave political questions, especially that of the statutes of the Chinese, the Commissioners thought it best to take no action. Some members are looking forward to the formation at some distant day of two or three Indian Territories as the final solution of the problem, with regular political organization and representation.

New Orleans Commercial Convention.

NEW ORLEANS, May 29.—In the Commercial Convention the Committee on foreign commerce, [illegible] subsidies and Gulf harbor submitted a lengthy report with accompanying resolutions. The report of the Committee on foreign commerce and postal subsidy favored the creation of ports of entry in all the principal cities on the Mississippi river and its tributaries and the establishment of such revenue regulations as will insure prompt transportation of foreign imports received at New Orleans or any other outlet port consigned to the interior. It is recommended that the canal at the falls of the Ohio be enlarged and completed by the national Government; that the national Government should confer upon the constituency of this Convention an equal share of postal subsidies granted by Congress to re-establish lines of steamers between the inlet port of the Mississippi river and the principal commercial ports of Europe and America. The report also embodies a resolution that Congress be memorialized in the name and on behalf of the States interested to make the necessary appropriations to complete the survey ordered in 1850 with a view to the ultimate construction of a ship canal across the peninsula of Florida; also that the construction of a canal and other interoceanic ways of communication through the isthmus of Central America is regarded by this convention as of great incidental importance to the commercial interests of the country. The report of the Committee on gulf harbors urge immediate action for the improvement of the harbors of Mobile and Galveston. The report of the Committee on immigration, which was adopted, is lengthy and interesting.

The Presbyterian Churches

NEW YORK, May 29.—In the Old School Assembly a committee was appointed to assist in the decoration of soldiers' graves at Brooklyn on Monday.

The report of the Board of Domestic Missions presented shows a balance in the Treasury above all indebtedness of $19,384. The whole number of missionaries last year was 546. Resolutions were offered by Dr. Taylor, of Georgetown, conveying Christian salutation to the Presbyterian churches of the Southern States and expressing a hope that the day is not far distant when we may again be united in a great organization that shall cover our whole land. Dr. Taylor made remarks strongly favoring a union with the Southern churches.

Delegates from Presbyterian churches of Bohemia offered an address to which the Moderator replied. Christian salutations were declared to be telegraphed to the Synod of the Calvanistic Methodists in session at Newark. [illegible] a dispatch received from that body. Adjourned till Monday.

The report on the common [illegible] with churches South and on the nomination of Trustees for Theological Seminaries were adopted as the special orders for Monday.

In the New School Assembly Rev. Dr. Adams from the Joint Committee on Union with the [illegible] and others reported the meeting at Philadelphia last January and asked that the committee be continued. Agreed. A committee was appointed to co-operate with similar committees from other bodies for securing such action as Congress may deem best in regard to chaplains in the army and navy. The Bohemian church delegation was received and delivered an address to which the Moderator replied. They want $24,000 [illegible] school. The subject was referred [illegible] The Committee on [illegible] was sent to the Synod of the Welsh Methodist Church [illegible] their great [illegible] Dr. [illegible] Chairman of the Executive Committee [illegible] National Temperance Society made an appeal for the assistance of churches in securing a permanent publication fund. Judge Strong offered a resolution [illegible] with the [illegible] Evangelical Association [illegible] meet at New York the ensuing autumn. [illegible] from the other Assembly stating that it had [illegible] the joint report of [illegible] The Committee on [illegible] lectures [illegible] body [illegible] prayer for [illegible] England which was made the special order for Monday. Adjourned.

Cuban News

NEW YORK, May 30.—A Havana special to the *Herald* says the government [illegible] great want [illegible] and will probably put an embargo on [illegible] News has been received [illegible] the rebels [illegible] able [illegible] by [illegible] two [illegible] guard of the troops have [illegible] The men are destitute of shoes and much discontent prevailed.

A special from Nuevitas gives the particulars of the landing of fillibusters [illegible] and the engagement there, much of which has already been telegraphed. It is said the expedition had ten guns mounted.

On the 16th there was a severe fight four miles from Puerto Padre. The insurgents attacked a convoy [illegible] troops of provisions. The battle was fought on the margin of the river and at one time so great was the slaughter [illegible] river ran red with blood. The Spaniards were driven back with great loss. They admit the loss of [illegible] and 100 wounded. A Spanish account says the company 100 strong before the fight only seven survived. The Spaniards remained in Puerto Padre waiting reinforcements. A force of 100 had arrived at Nuevitas to relieve them. General [illegible] will take command of [illegible] Puerto Padre. A coasting sloop has since arrived from Nuevitas with a number of soldiers [illegible] of the Spaniards there were [illegible] driven back and the surrounding country swarming with rebels. The above information was from Spanish sources. The Cubans are resolved on active operations. They intend to keep the interior towns held by the Spaniards cut off from all supplies. They will soon again destroy the railroad from Nuevitas to Puerto Principe. They are greatly elated over their late successes and more eager and more sanguine of success during their independence than now.

From Texas

NEW ORLEANS, May 30.—Dispatches from Jefferson, Texas, say the proceedings of the military commission engaged in trying citizens charged with the murder of G. W. Smith so far has been confined to the examination of Major Curtis, who commanded the post at the time Lieut. Dubois and two freedmen escaped. The evidence of the officers and freedmen conflict badly and are opposite. A large crowd is in attendance and great interest is manifested. Over 100 witnesses have been summoned to appear.

Dr. Long, the American Consul, has entered on the functions of his office at Panama.

The small pox has broke out on the British steamer *Chariot*; fourteen cases reported.

General Mosquera is a candidate for the Presidency in Colombia and is gaining ground. He will probably be elected.

The Colombian Senate is discussing the Isthmus canal question. The President has expressed a great desire to have the treaty with the United States on the subject reconsidered. Many Senators favored giving the canal grant to a private company rather than allow it to pass into the hands of a foreign power.

A proposition has been made to make Panama the capitol of the Republic.

General Kilpatrick, American Minister to Chili, was at Lima on the 19th en route for his post.

The report that Bolivia has threatened invasion is false. Fears of a war between the two countries have completely died out.

Yellow fever on the South American coast considerably abated.

The revolution in Guatemala has failed. The leaders are defeated and the troops dispersed.

The yellow fever is raging at San Jose and Esca ante.

In San Salvador the volcano Isacallo is in active operation. Enormous streams of lava are pouring into the plain. The breaking out of the volcano was preceded by several shocks of earthquake and a report which was felt throughout the country.

The Costa Rican Congress met on the 1st of May. The President's Message declares the country tranquil and prosperous. On the 5th Congress declared Don Jesus Demoraz elected President, who was installed.

Honor to the Heroic Dead.

CHICAGO, May 30.—The decorations of the soldiers' graves was observed to-day with the usual ceremonies. The day was rainy and unfavorable and the attendance was not so large as was expected.

At Gloucester, Massachusetts, yesterday Gen. Butler made a speech on the occasion of decoration of the graves, in which he inveighed bitterly against the conduct of England during the rebellion and declared that we will teach our children by these green mounds which cover their fathers how England sought to strangle free government at its birth and how she during the late rebellion added to the wrong. He would enforce upon them the duty of demanding reparation and to keep alive more and more in the hearts of the people the remembrance of the injuries they received, and since England has become part of this occasion because these men lost their lives in a war encouraged and prolonged by England's endeavors to destroy the Republic.

Miscellaneous

OTTAWA, May 29.—In the House of Commons last night the Government resolution respecting the acquisition of the Northwest Territory was carried by a majority of 111.

BALTIMORE, May 29.—J. Boyd, Conductor of a freight train on the Northern Central Railroad, was instantly killed yesterday while standing on the top of a car, his head striking a bridge.

CHICAGO, May 29.—Some scoundrels the other day girdled 1,500 fruit trees, mostly peaches, in the orchard of Martin Green, at St. Joseph, Michigan. The work was done very effectually. The damage will reach fully $20,000. A large reward has been offered for the arrest of the perpetrators, and great excitement prevails among the citizens who turned out next day, and men, women and children and bound up the girdled trees with clay, and grafting wax, in hopes to save them if possible.

ATLANTA, Ga., May 29.—Davis Theater and two dwellings were destroyed by fire last night. Loss $150,000. No insurance.

NEW YORK, May 29.—A man named Naugher [illegible] Superintendent Kennedy with a knife [illegible] day, but was caught after striking but one blow. [illegible] Kennedy is an older [illegible]

[illegible] persons assembled today to witness the last day's trotting at Prospect Park. The assemblage was unusually fashionable. A thousand carriages [illegible] spectators were on the ground. The trotting was excellent. The first race was for $15,000, mile heats, best 3 in 5, for all horses that never beat 2:30. It was won by [illegible] in three straight heats. Time 2:27, 2:[illegible]. The second was for a premium of $5,000 for the winner, $3,000 for the 2d best horse and $1,500 for the third, 3 mile heats, best 3 in 5, to harness, free for all horses except Lady Thorne and Mountain Bird. It was won by American Girl. Time 2:23¼, 2:23¼, 2:21. Lucy second and Bushwood third.

SHAKESPEARE AND BACON.—The Historical Manuscripts Commission, which was appointed [illegible] the recommendation of Mr. Duffus Hardy to search for the historical MSS. that are still concealed in private collections, has discovered a book apparently the note-book [illegible] during the time when [illegible] of the society [illegible] is earlier in date than the published works of Bacon, and it contains the outlines of many of those thoughts which Bacon afterward [illegible] in his essays and other of his works. [illegible] the slightest [illegible] connected together Shakespeare [illegible] contemporary Bacon has been frequently the subject [illegible]

THEIR NAMES.—The Sacramento *Reporter* gives the following as the names of the eight men who performed the unparalleled and [illegible] superhuman feat of laying ten miles of the Pacific Railroad track in one day:

Their names are Michael Shay, [illegible] Joyce, Thomas Daley, [illegible] Kennedy, Frederick McNamara, Edward Killeen, [illegible] West.

[illegible] of the feat [illegible]

Every bar of iron to lay ten miles and [illegible] of track in one day passed through their hands and was actually taken from the trucks and laid and placed by them with the time [illegible] that not [illegible] thousands of men to prepare the [illegible] bring up the iron to the point, to drive the spikes [illegible] their part.

When the laurel wood tie had been laid and removed at the concluding ceremonies on Tuesday, says the Utah *Reporter* of May 13th, a common California pine tie was put in the place—this being really the last tie. Quite a number of curiosity-seekers cut off chips from its relics. Among the number, our friend Mr. George W. Yates was whittling at one end of the tie when another gentleman at the other end gave his knife a sudden twitch, breaking out the blade, which flew the entire length of the tie, striking Mr. Yates exactly in the main artery of the wrist. Fortunately the wound was not deep enough to sever that, injuring the wrist, but it bled so profusely that Mr. Yates became very weak, and once fainted entirely. The wound was dressed as soon as a physician could be found, and is doing well. It is seldom we hear of so serious a wound from so improbable a source.

GOLD AND PAPER CURRENCY.—The Virginia *Enterprise* remarks:

Gold is current at present as far east as Promontory Point, in Utah; in fact, just as far as the Central Pacific Company have carried their road. At Corinne the traveler going east strikes a greenback country—a country where the people look with astonishment and perplexity upon a gold coin, and scarce know what to do with it. Prices, as far as the Promontory, are on a gold basis. Thus the traveler who starts from Sacramento pays $1 in gold for his meals up to Promontory. Thence eastward he is agreeably surprised to find that the charge is only $1 in currency. On the other hand, the traveler bound west discovers with a lengthening face that the meal which only cost him $1 in currency at Corinne requires $1 25 or more 20 miles west of that town.

The San Francisco *Times* says: "Ex-President Johnson, perhaps fancying that he was a real, instead of an imaginary Moses, appears to have followed the example of sundry rulers in Old Testament history, and signalized his retirement from office by releasing all the scoundrels in durance at the time. A dispatch states that in his last hours he pardoned one hundred and thirty-nine counterfeiters, though why he should have displayed so great a fondness for this particular class of criminals, is a puzzle. We were not aware before that forgery was a Democratic specialty, but we can assign no other reason for Andy's discrimination."

Dr. Dupre, lecturer on chemistry at Westminster hospital, states in a paper, recently published, that pure natural wine may be considered to have arrived at maturity at the end of from five to twelve years. In that time the slow chemical changes which bottled wine undergoes will have produced their best effect, and after that, the wine no longer improves by keeping, except to the taste of a few would-be connoisseurs.

TO HORSE SHOERS.—The "frog" should never be cut. It is intended as a cushion and protection to the foot. Yet [illegible] delight to cut it away and keep an "treatment on purpose." No man who knows, will allow his horse to be meddled with by a [illegible] or who uses that barbarous shovel-shaped knife with which, braced against the shoulder, this important portion of the hoof is so ruthlessly slashed away by so many farriers.

Berthelot, the eminent French chemist, makes a calculation of the number of combinations which can be made of acids with certain alcohols. He says, if you give each compound thus possible a name and allow a line for each, and then print 100 lines on a page, and make volumes of 1,000 pages, and place a million volumes in a library, you would want 14,000 libraries to complete your catalogue.

THE IMMIGRATION OF 1869.—The New York *Times* says:

It is the Germans more than the Irish who are coming to us now in swelling volume. Nearly one half (11,228) of the emigrants who landed at this port during April were of the Teutonic race, the best element in Europe on which we have to draw. We have practically annexed Ireland and are rapidly [illegible]

The two eminent bankers, Mr. Corcoran and Mr. [illegible], having made munificent gifts to the benefit of art at the capital, Mr. Corcoran's gift alone being equal to [illegible] one million dollars. The [illegible] makes the ungracious suggestion that if they had [illegible] their way there would now have been no American people to thank them for their tardy [illegible]
